

Author Tom Comitta delivers yet another salacious slice of sex-laden literature. Comitta interweaves the exploits of eight highly sexed and sexually frustrated Californians, all of whom find some kind of salvation at an underground club. Anything goes at the club; wild orgies between people from different ages, identities and sexual preferences are treated as common place. Comitta allows little time for his reader to pause for breath, opening with a frantic collage of copulation and carnality that extends page by page throughout the book.

TOM COMMITTA
